

Technical datasheet

FLIR B40 Infrared Camera 9000-385

Introduction

FLIR B40 is a lightweight, competent combination of infrared and digital camera. The Li Ion batteries make it possible to work 5 hours without interruption. Laser pointer, micro SD card and unique FLIR led lights make it possible to work effectively even in dark environments. The picture in picture functionality helps produce and save images in a professional way. With FLIR Quick report software you can analyze pictures captured in field back in the office.

OTS item number.: 9000-385

Features

- IR resolution 120 X 120
- Digital camera resolution: 768 X 768
- Laser pointer
- Copy to USB
- 5 hours battery

Capacity & performance

Minimum focus distance	0,10 m (0,33ft)
Thermal sensitivity	<0,10°C
Object temperature range	-20 to +120 °C
Field of view	25° X 25°

Safety features

- Dew point alarm
- Insulation alarm
- Automatic shutdown
- Hard transport box

Weight & dimensions

Length	360 mm
Width	290 mm
Height	165 mm
Gross weight	3,5 kg
