Ridgid CA300 Inspection camera

Introduction

Documentation has been made easy with the new RIDGID micro CA-300 inspection camera.

With the camera you can easily record still images and videos of problems in hard-to-reach areas and then share the findings with the RIDGID. Comfortable pistol-grip design, large screen and rugged anodized aluminum camera head with four bright LEDs make it easy to detect and diagnose the unreachable. Get the perfect view with enhanced features like image rotation and digital zoom.
