

Technical datasheet

"OTG.LFB.500"

Introduction

OTG lifting bag is designed for lifting OTG bladders to and from operation site. The bag is designed for lifting one bladder tank with one bladder filled.

The bag has a service life of 5 years. The bag is subject to inspection every 6 or 12 month, as any other lifting equipment.

OTS item number.: 200003

Features

- Hard bottom is made of hard plastic to make the bag keep in shape, and prolong the life of the bag.

Safety features

- Load tested for 500kg.
- PVC bottom for durability

Capacity & performance

Volume	1m ³
Work load limit (WLL)	500 kg.

Weight & dimensions

Length	1000 mm
Width	1000 mm
Height	1000 mm
Gross Weight	10 kg
